

CUNY- La Guardia Fatherhood Academy

The CUNY Fatherhood Academy at LaGuardia Community College is an intensive 3 month (4-day a week) program sponsored by the NYC Young Men's Initiative. We are recruiting NOW and looking for young fathers ages 18 - 28 needing a High School Equivalency Diploma (GED). We offer HSE test preparation, parenting workshops and financial support. Our next semester begins April 28. We are recruiting for our College and Career Prep program for young fathers ages 18 – 30 who already have their GED/HSE or High School Diploma. We offer college and career readiness, parenting workshops and financial support. Our next class begins in May.

Our overall goal is to help fathers help themselves by obtaining the skills they need through education, employment and personal development to become self- sufficient and in turn accept the responsibility to remain or become part of their children's lives. The program is holistic in nature and provides real opportunities for young fathers to become successful. Orientation sessions for both programs are held daily. Call **718-730-7336** for additional information.
