Human Services Committee Meeting: *Census 2020 Update and Next Steps*

Remember, responding to Census 2020 is one of the most important tasks on your to do list! It's quick and easy at my2020census.gov. If you have already responded to the Census, don't stop there; remind a friend, a neighbor, masked strangers you pass in the street! The resources we need to continue to address health, economic, educational, and social services in the wake of the Coronavirus pandemic are dependent on an accurate count. Kings County was the most undercounted county in the country in 2010. This time around, we must **"Make Brooklyn Count 100%"**. [Click this link or the button below](#) to join us online via Webex on the evening of June 9th for an update on where we are (*hint: behind where we should be*) and a discussion about how to get to where we need to be (*hint: 100% counted*)!
